Texas

7416 ~~Genus~~ Stenosiphon linifolius (Nutt) Heynh.
Texas, Rte 66, 18 mi. E of Groom
Brecks, eastern Panhandle.
Fls. white, perennial
Det. G. Nesom Sept 12, 1974

New Mexico

7417 ~~Neolloydia~~
! Neraps Nerisyrenia camporum (Brayl) Greene
Fls. white - fading lavender, perennial;
(6) Wanea desert, 4 miles north of Tularosa, N. Mex. Otero Co.
Sept 13, 1974

7418 Nerisyrenia ~~Gracilis~~ linearifolia (Watts.) Greene
Fls. white, leaves linear, entire, perennial
(6) White Sands near white Sands Natl Monument, Otero Co, New Mex.
Sept. 13, 74

Note: N. camporum was mainly on non-gypseous areas but came sparingly into the same site where N. ~~gracilis~~ linearifolia was more abundant. It appears N. linearifolia is the gypsum adapted species.

# Mexico

7419 (Orthocarpa tenuissa)
sterile material only.
(3) In dense growth of a wet meadow
Not to be included
leaves fleshy from a corm-like
base. 5 miles east of El Salto,
2 miles west of Coyote, Mex.
route 40, Durango, Mexico.
Sept. 20, 1974
n.B. - limestone all around - flat
rocks like cedar glade area of Tenn.

7420 Eryngium lemmonii C. & R.
annual, rays white, center purple.
(11) meadow-like area - as 7419
Det. Lincoln Constance

7421 Eryngium sparganophyllum Hemsl.
perennial, wet meadow over
(4) limestone - as 7419
odor of licorice - bracts purplish
Det. Lincoln Constance

7422 Eryngium phyteumae Delar. f.
perennial, bracts green below,
(4) whitish above
odor of licorice - as 7419
Det. Lincoln Constance

Mexico

7423 Pennellia longifolia (Benth.) Rollins.
Fls. magenta including sepals, pendulous hanging in a single row, siliques falcate, pendulous, probably perennial, lower leaves and basal leaves missing, deep soil of limestone origin, steep hillside with large rocks and sparse stand of pine. ca. 8,000 ft.
Mex highway 40, 5.3 miles west of sign for Los Mimbres, 26 mi East of El Salto, Durango - Sept. 21, 1974

fixed
n = 8
2n = 16
(13)

7424 ~~Idahoensis~~ Stevia rosei B. L. Robinson
perennial, deeper soil over limestone, flat rock exposures, wet when rainy, glade-like flat area - open stand of pines, about 3 miles east of El Salto, Mex. Hwy 40, alt. 8,200 ft.
Sept. 21, 1974

7425 ~~Arenaria~~ Draparnaldia effusa var. confusa (Rose) LaDuke
Fls. white, edges and on flat rocks. As above
D. B. Turner

(7)

7426 Castilleja
Bracts orange to reddish-
(3) orange. As no. 7424

7427 Ranunculus macranthus Scheele
deeper soil over flat rocks.
(2) Otherwise as no. 7424
det. G. Nesom

7428 ~~Unidacea~~ Calocortus nemastylus E. Greene
(4) Petals and Sepals yellow.
Same as no. 7424. det G. Nesom

7429 Sedum fusiform Hemsley
Fls. faintly pink. Edge and
(4) on flat rocks. Often in det. G.
water. Same as no 7424 Nesom

7430 Rhexelus panciflorus vs. Don.
~~Scutellaria~~ ? a Legume
(3) Fls. purple, ~~fr~~ mostly paired
Same as no. 7424
det. B. Turner

7431 Conep.
Rays white, Center yellow.
Annual. Abundant. Same
(5) as no. 7424, but not confined
to flat rock exposures. &

7432 Pedicularis mexicana Zucc.
Flrs. Magenta, Meadow, under
sparse stand of pines. ± 5 mi.
E of El Salto, 2 fields E of
(6) Hacienda Coyotes on same
side of Rte 40. 2 mi. W of
El Coyotes. Durango Co. Sept 21, 1974
Mexico det G. Nesom

7433 Calochortus venustulus E. Greene
Petals white with orange center
(6) Deep Sail. & Bulb ovoid.
Same as no. 7432. Det G. Nesom

7434 Orchid
Flrs & bracts bright
(1) orange
Same as no. 7432

7435 ~~Orchid~~ Lobelia irasuensis Planch. & Oerst.
var. picta (Robins. & Seat.) McVaugh
deep purple flowers.
Same as no. 7432
(6)

Tauschia madrensis C. & R.

7436 Umbel~~l~~a,

(6) Same as no. 7432
Basal lvs 7419 are this.
Det. Lincoln Constance

7437 Valerianella
Perennial. deeper soil over
(5) limestone, flat rock elsewhere
Same location as 7432.

Rollins
7438 Parthenium bipinnatifidum (Ortega)
Roadside West of Francisco
Madero on Mex. Hwy. 40.
(5) Durango
Sept 22, 1974

N. linearifolia (Wats.) Greene
var. mexicana Bacon
7439 ~~Hbry~~ Nemacyrena ~~Europaeum~~
Leaves entire to shallowly
dentate. Fl. white fading to
lavendar. Steep hillside
(6) Micasita above Velardeña,
Durango.
Sept 22, 1974

N = 9

7440 ~~Palemoniaceae~~ Bouvardia ternifolia (Cav.) Schlecht.

(3) Steep hillside, ~~shrub~~ Shrub up to 3 feet, above La Mina San Jose, ~~8 Km.~~ 8 Km. ~~to~~ NE of Estacion Otto. Alt: Coahuila. Sept 23, 1974

Det G. Nesom

7441 Mochaonia pringlei A. Gray

(5) Shrub, up to 4 ft., fls. white As 7440. Det G. Nesom

7442 Caldenia?

(7) Intricately branched shrub, up to 1 ft. high, fls. white As 7440

7443 Lesquerella fendleri

(1) Only plant seen. As 7440

7444 Orchid

(1) Fls. green. Some as 7440

7445 Parthenium argentatum Gray
Shrub up to 3 ft. high,
mixed with Mariola. No
(3) evidence of hybridization.
As 7440.

7446 Parthenium incanum H.B.K
Abundant shrub up to 4 ft.
(4) high. As 7440.

7447 Sericodes greggii Gray
Grey intricately branched shrub up
to 2.5 ft. high, Barrea desert,
Fixed + FPA 25 miles north of San Pedro on
road to Cuatro Ciénegas, Coahuila
Sept. 24, 1974
Fls. lemon yellow to bright yellow

(8)

7448 ~~Synthlipsis~~ Nemacypenia
Flo. white, plants remarkably hemiplanar
leaves mostly entire but some with a tooth
or two - fruits tending to be distorted as
well as older buds, roadside, 40
miles north of San Pedro on road
to Cuatro Cienegas, Coahuila
Sept. 24, 1974
(3) Two species involved - 7448a = N. incana X ?
(3) 7448b = N. castillonii X ?
n = 10

Fried 2 vials one with smaller bulbs or finer plants

7449 Eustoma exaltatum (L.) G. Don
Petals rotate, mauve. Trail
near spring above Las Delicias.
Wet seepage.
(3) Coahuila
Det G. Heron Sept 24, 1974

7450 Echinopterys petrosa Brandeg.
~~Euphorbia~~
Flr. yellow. Shrub up to 8 ft.
high. Base of cliffs above
(4) spring at Las Delicias, Coah.

Det G. Heron Sept 24, 1974

7451

low branched shrub; fls. pink, los. fleshy
low hill, 1 mile southwest of Parras, Coahuila.

(4)

Sept. 25, 1974

7452 Ruellia pauciflora A. Gray
woody at base, fls. purplish;
as 7451 · det G. Nesom

(2)

7453

low, often sprawly shrub,
fls. greenish white;
as 7451

(7)

7454 Erica
~~Wash~~ Arroyo near
Parras, Coah.

(2)

Sept 26, 1974

7455 Euca
Field about ~~6~~ 6 miles SE of
(3) Paras, Coah.
Sept. 26, 1974

7456 Composite Zinnia acerosa Gray
Rays White, center yellow.
Deep rooted perennial.
(3) Gypsum Knoll. 10 miles SE
of Paras.
Sept 26, 1974

7457 Hedyotis rubra (Cav.) A. Gray
Fls. pink. Cs 7456. det G.
(4) Nesom

7458 ~~Oenothera~~ Oenothera
Fls. yellow. In ~~rocky~~ gravelly
gypsum area. Cs 7456.

(6) Calylophus hartwegii (Benth.) Raven
subsp. maccartii (Shinners) Towner

7459 Synthlipsis greggii Brag
Siliques wavy margined. Fls.
Tripet white. Protected by thorny
bushes. Gypsum area,
(2) 10 mi. SE of Parras, Coah.
n=10 Perennial. Sept 26, 1974

7460 Galaindia comosa Brag
Rays orange-red. Same as
(3) 7459.

7461 Lesquerella fendleri
Growing in interior of
(2) thorny bush. Fls. yellow.
Same as 7459

7462 Composite Dyssodia setifolia (Baq.) B.L. Robs.
Rayless. Foliage gray. Low
and sub-shrubby. Abundant.
(5) Same as 7459.

!

7463 Nerisyrenia Camporum (Gray) Drum
Rocky hillside and sandy
tipped area below. Along Mex. Hwy
40. 58 miles W of Saltillo, on
road between Torreon & Saltillo.
(4) Fls. white, drying Sept. 27, 1974
lavender.
n = 16±

7464 Menodora scabra Engelm. - lt gray
Fls. yellow, pet-plants. Some
as 7463. Det. B. Turner
(8)

7465 Mentzelia hispida Willd.
Fls. orange. Intricately
branched bush ca. 1 ft. high
(4) near microwave Tower, Est.
Vega, 11 m. W. of Saltillo, Coah.
Steep hillside. Det G. Nesom
Sept. 27, 1974

7466 Lesquerella argyraea
Rocky hillside near microwave
Tower. As 7465
(3)

7467 Menodora coulteri A. Gray var coulteri
Sub-Shrub up to 1 ft. high
(4) Rocky hillside near micro-
wave tower. As 7465
det B. Turner

7468 Orchid.
Fls. dull orange. As 7465
(1)

7469 Echeandia sp.
Fls. orange. As 7465
(4) det G. Nesom

7470 Asphodelus fistulosus L.
Rocky limestone area,
weedy. 1 mi. E of San
Antonio, SE Coahuila.
~~Fls.~~ ~~Fr.~~
(6) Clumps up to 6" across.
Buds pink. Petals white
with a prominent reddish
stripe.
det G. Nesom Sept. 28, 1974

7471 *Lepidium virginicum* var. *virginicum* L.
Perennial. Petals absent.
(8) Weedy limestone area. Same as 7470

7472 *Lesquerella* [*wyndii* Rollins & Shaw] [*mirandiana*]
Clay-like soil at foot of bank.
(1) Roadside 7.5 mi. E of San Antonio, Coahuila.
Sept 28, 1974

~~7473~~

7473 *Brassica*
(3) Roadside weed. Same as 7472.

7474 *Descurainia impatiens* (Cham. & Schlecht.) O.E. Schulz
Same as 7473 except 8.5 mi. E of San Antonio. Up to 3 ft. high
(4)

7475 Camelina ~~Neslia paniculata~~
Intricately branched
weed up to 3 ft. high
(2) Roadside Same as 7474.

7476 Conringia orientale
Fls. ~~white. Same~~ off-white.
(2) Same as 7474

7477 (Sch-typ) Ballard
Comp. Bidens alba var. radiata
Rays white, center yellow
Near summit at Las Cumbres
(5) Pass, 12 mi. E of San Antonio.
By roadside. Coahuila
Sept 28, 1974
Det. B. L. Turner

7478 Lepidium virginicum L. var. pubescens ~~densiflorum~~
Hemispherical clump. Petals
white. Same as 7477.

7479 Lesquerella longifolia (Benth.) Rydb.
Dichotomately branched. Siliques
(7) pendant. Up to 4 ft. high.
Same as 7477.

7480 Malacia poulei L.O. Wms.
In deep duff under scrub oak
on steep hillside. Same as
(3) 7477. det C. Todzia

7481 Desmanthus impatiens (C.+S.) Schulz
Up to 6 ft. tall. Fls. yellow
(3) Same as ~~7481~~ 7477.

7482 Lesquerella argyraea subsp.
diffusa
Along roadside 1 mi. SSE
(2) La Mesa. Spreading flat
on the ground. Fls orange
yellow. Perennial. ~~Same~~
Limestone Chip / road edge
Sept 28, 1974
Coahuila

7483 Lesquerella ~~fendleri~~ schaffneri S. Watson
7-14-74
(1) Gravelly open plain. 7 fls. Yellow. Branched above main stalk. 23 mi. ~~from~~ west of Saltillo, Coahuila
Sept 28, 1974

7484 Lesquerella argyraea
(1) Plants mostly ~~elect~~. 7 fls. Yellow. As 7483

7485 Parthenium bipinnatifidum (Ortega) Rollins
(5) Annual. Intricately branched Abundant along roadside. in same vicinity as P. ~~confertum~~ Confertum, As 7483

7486 Parthenium confertum Bray
(4) Biennial. Abundant along roadside. As 7483

var. lyratum (Bray) Rollins

7487 Lesquerella argyraea
Fls. yellow with orange streaks
toward center. Hand calcareous
(3) gravel along roadside, 3 mi.
S of Saltillo, Coahuila
Sept 29, 1974

7488 Synthlipsis greggii Gray
Fls. white turning lavender.
(4) Same habitat as 7487 only
looser gravel. Sept 29, 1974

7489 Cibotarium macropetalum R. Ellis
Fixed Sprawly perennial, fls. white.
Steep hillside, limestone
rocks crevices 1st pass south of Cañon Cass,
(9) 29 miles S. of Saltillo. Mex. Hwy 54
n=8 Coahuila Sept 29, 1974

7490 Cibotarium stellatum (Wats.) Schulz
Fixed Petals minute or absent. Same
as 7489. Rare
(3)
n=8

7491 Acleta schaffneri (Wats.) Schulz var. pringlii (Schulz) Kell
Sprawly branching perennial.
Fixed Fairly abundant. Same as
(10) 7489

7492 Nerisyrenia linearifolia (Wats.) Greene var. mexicana Bacon
Fixed Abundant, open desert,
Clay-like soil. Fl. white,
(9) drying lavender. Roadside
36 mi. S. of Saltillo, Coahuila
Sept 29, 1974

n=16

7493 Parthenium bipinnatifidum (Ortega) Rollins
Roadside in vicinity of
(3) P. confertum, which is more
abundant. Co no. 7492

7494 Milla biflora Cav.
Plants up to 2 ft. tall,
(5) tepals white above with a
broad greenish stripe
below. Sandy soil. 36 miles
Southwest of Zacatecas,
Zacatecas Sept 30, 1974
det G. Nesom

7495 ~~Iridaceae~~ Allium Kunthii G. Don ?

Inflorescence umbellate.
~~Color~~ Anthers purple, tepals whitish. Same as 7494. Det G. Nesom

(6)

7496 ~~Zinnia~~ Tagetes erecta L.

Annual, ~~disc~~ rays orange with deeper orange guidelines
Steep hillside, granitic soil.
Same as 7494
Det. B. L. Turner

(7)

7497 ~~Cucurbit~~ Echinopepon floribundus (Cogn.) Rose

Scrambling vine, steep hillside. Fls. lemon yellow, ~~fruit~~ turning whitish.
Same as 7494. Det G. Nesom

(7)

7498 Montanoa leucantha (Lagg.) Blake

Composite
Rays white, center yellow.
Shrub up to 10 ft. high.
Same as 7494
Det B. L. Turner

7499 ~~Ptelea~~ Dodonaea viscosa (L.) Jacq.
Shrub to small tree. Steep hillside. Fruits with 2-4 wings. Same as 7494
(7) det G. Nesom

74100 Halimolobus ~~diffusus~~ basifolius.
Growing in rock crevice
(1) Only plants found. Heavily grazed area. 25 mi. from Pinos ~~toward~~ off Mex Hwy 45, Zacatecas
off road toward
Oct 1, 1974

74101 Gilia stewartii I. M. Johnston
Fls. Magenta. Clay-like Soil, near road, 1 mi. S. of
(3) Villa Gonzales Ortega, 30 mi. from road ~~toward~~ Pinos off Mex. Hwy. 45, Zacatecas
det G. Nesom Oct 1, 1974

74102 Bouvardia ternifolia (Cav.) Schlecht.
Fls. scarlet red, small shrub, open desert. As
(5) 74101 det G. Nesom

(Ortega) Rollins

74103 Parthenium hipinnatifidum
Abundant near RR ~~track~~
at La Honda, on road to Pinos
66 miles from jct. with Mex
Hwy 45 ~~and~~ and turnoff to
Pinos. Extreme Southeastern Zacatecas.
(5) Oct 1, 1974

74104 Tejedinia virginicum W. & A.
Widely ~~scattering~~ scattering, sheltered by
(10) Cactus clumps. Coll 74103

74105 ~~Cleomella perennis~~ Iltis
~~Wislizenia~~
Clumps up to 1 ft. in
diameter. Deep rooted
(8) perennial. Open gypsum
flat. Abundant. Between
La Honda and ~~El Pinito~~
Villa Hidalgo. Oct 1, 1974
Southeastern Zacatecas

74106 Lesquerella argyraea
Fitted Prostrate perennial, fls.
yellow. Gypsum hill. 1 mi.
(3) SW of Pinos, Zacatecas
Oct 1, 1974

Stachys Coccinea Jacq.

74107 ~~Nest~~
Fls Salmon colored. Below
(7) Cop rock, 13 miles ~~to~~ E
NE of Jalisco-Aguascalientes
state line. det G. Nesom
Oct 1, 1974

74108 Eryngium heterophyllum Engelm.
Rays ~~rots~~ greenish white
above and greenish below,
(7) Center Metallic Colored
~~G~~ Pasture, 13 miles NE of
Jalisco-Aguascalientes
state line.
Oct 1, 1974
det. Lincoln Constance

74109 [Mirabilis] oblongifolia (Gray) Heimerl.
fixed 4 fls. deep magenta, growing in the protection of spiney bushes.
(6) Near Mex. Hwy 70, 2 mi. N of Aguascalientes. Ags.
Oct. 2, 1974

74110 ~~Heliotr~~ Heliotropium
7 fls. white, lemon yellow center. Caespitose on rocky
(6) hillside. Near Mex Hwy 70,
7 mi. S. of Aguascalientes,
Oct 2, 1974
Aguascalientes

74111 Stevia ovata Kunth var ovata
~~Compositae~~
Perennial erect 4 to 3 ft. high.
Rays white. Near microwave
(5) tower Los Gallos, 18.3 mi.
SE of Aguascalientes, off Mex
Hwy. 45, Aguascalientes
Oct 3, 1974
near Aguascalientes - Jalisco
state line, Det B. Turner

Stevia serrata Cav.

74112 Composite
Rays white; inflorescence dense.
(5) perennial. Same as 74111
Det. B.L. Turner

Stevia salicifolia Cav.

74113 ~~Composite~~
Bush up to 2 ft. high, Same
(5) as 74111. Rays white Det B. Turner

Palafoxia texana DC.

74114 Composite
Rays white. Herbaceous
(2) perennial. Same as 74111
Det B.L. Turner

74115 Cuphea lanceolata Ait
Glandular, purple flowered
(7) annual. Same as 74111,
Det G. Nesom

74116
Flrs. scarlet, prct-plumbby,
(7) Same as 74111.

74117 Lepidium virginicum L. var. pubescens (Greene) Thell.
Roadside. Same as 74111
(3)

74118 Legume Chamaecrista glandulosa L. var. paralemais Irwin + Barneby
Caespitose. Pods erect.
Same as 74111

74119 Mint / Salvia axillaris var. potosina B. L. Turner det. by B. L. Turner
Small runner, ranging from
bank. Fls. pale lavender.
mi. W of Guanajuato
(5) on road from Guanajuato
to shrine Cristo Rey.
Oct 4, 1974
Guanajuato

74120 Stevia viscida HBK
Composite
(6) Rays purple, single stemmed
perennial. Same as 74119
det. B. L. Turner

74121 Stevia elatior HBK
Rays pale lavender to
nearly white. Inflorescence
(4) widely paniculate. Same
as 74119
det B. L. Turner

74122 Lepidium virginicum L.
limestone area, near cacti and bushes, 4 miles east of Dolores Hidalgo, Guanajuato, Oct. 5, 1974

(6)

74123 Lesq. schaffneri
Fls. bright yellow. petals spreading. Perennial.
Stems decumbent except in small bunches. 10 mi.
West of San Luis Potosí. Limestone
Cliff. S.L.P.

Oct 6, 1974

74124 Lesq. var. argyraea
Prostrate perennial. Fls.
yellow, aging purplish.
Limestone cliffs. 33 mi. N.
of San Luis Potosí, West Hwy.
49. toward Charcas.
S.L.P

Oct 6, 1974

7 spec

(4)

74125 Lesq. angyraea
Prostrate perennial. fls. yellow.
fixed petals widely spreading.
Limestone clip, Along Mex. Hwy
(3) 49 between San Luis Potosí
and Zacatecas, S.L.P.
36 mi W of S.L.P. Oct. 7, 1974

74126 ~~Tradescantia~~ Gaboasia hanninskiana (Schultes f.) Rohw.
Perennial, fls. purple-lavender.
In the protection of bushes
and on steep hillside.
40 ~~miles from~~ mi W of San Luis Potosí
(3) along Mex Hwy 49 between
San Luis Potosí and Zacatecas
S.L.P Det G. Nesom

Oct 7, 1974

~~Halimolobos mintiflora~~
~~C. botterianum coniculata var.~~
74127 ~~Halimolobos mintiflora~~
fixed Petals minute, white, leaves
mostly annuate, rocky
roadside, 49 mi. W of
(14) SLP along Mex Hwy 49
between San Luis Potosí and
Zacatecas. S.L.P.

Oct 7, 1974

74128 Lepidium virginicum L. var. pubescens (Greene) Thell.
(4) Same as 74127.

74129 ~~Cibolagina auriculata~~ Halimolobos mimuloides
Siliques diverging at right angles. Petals minute, white
(1) Just inside Zacatecas state line, 6½ miles W. of City of San Luis Potosí along Mex Hwy. 49. Zacatecas. Limestone Clay Oct 7, 1974

74130 Sisyrinchium arizonicum Rothr.
Tepals yellow. One to several flowers per individual.
(1) Same as 74129 Det. Grey Iverson

74131 Mirabilis oblongifolia (Gray) Heimerl.
Typed Flr. bright Magenta.
Erect perennial. Among rocks. 7 mi. E. of Nieves on road to Ex. Camacho, at K. 12. Very little.
(6) Zacatecas Oct 8, 1974

Boerhavia gracillima Heimerl.

74132 [Mirabilis]
Fls. deep red. ~~Spreading~~ Sprawling over rocks, very widely branched.
(7) Same as 74131

74133 Synthlipsis greggii Gray.
Fls. pale lavender. Perennial, fixed in gravel. Sepals and petals widely spreading. 8 mi. E. of Nieves on road to Est. Conacho. Zacatecas
(11) Oct 8, 1974

Allionia incarnata L.
74134 [Mirabilis]
~~Sprawling perennial~~. Fls. magenta. Same as 74133. Sticky.
fixed
(5+1) also Boerhavia anisophylla Torr. (74134a)

74135 Mascagnia cana Small
Gray shrub, up to 3 ft. high, intricately branched. Bracts & fruit dark red. 93.6 mi NE of Nieves on road to Est. Conacho, Zacatecas.
(6) Det Guy Nesom Oct 8, 1974

74136 Lycium berlandieri var parviflorum (Gray) Terrac.
Small tree, intricately branched above. Ultimate branches drooping. Fruits bright orange, oblong. 96.6 mi. NE of Nieves on road to Ed. Camacho. Zacatecas
Det. Guy Nesom Oct. 8, 1974

74137 Sibotarium macropetalum Rollins
Strong perennial, anthers purple, petals spatulate Siliques not notched. ~~Rocky~~ Chip rock, highly mineralized, hillside. 9.6 mi. W of Concepcion del Oro. Zacatecas
Oct 8, 1974

fixed
n = 8

74138 Nerisyrenia camporum (Gray) Greene
Fls. white, fading lavender, Perennial. Light colored soils, on the road to Microwave Sta. Mariposa, 24 mi. E of Saltillo on Mex Hwy. 40 between Saltillo and Monterrey. Nuevo Leon
Oct 9. 1974

fixed
n = 18

74139 Mirabilis oblongifolia (gray) Heimerl.
Fls. deep magenta. As 74138
(6)

74140 [Mirabilis] Allionia incarnata L.
Perennial, prostrate. Fls.
(2) deep magenta. As 74138
growing near 74141

74141 [Mirabilis] Allionia choisyi Standl.
Prostrate perennial; fls.
(4) lavender. Growing in
vicinity of 74140. As 74138

74142 [redacted] Evolvulus alsinoides L.
(7) Fls. blue. Prostrate perennial.
As 74138 det Guy Nesom

74143 Portulaca pilosa L.
(3) Fls. magenta. Prostrate plants.
As 74138 det Guy Nesom

74144 Comp. Stevia serrata Cav.
